Having regard to Council Regulation (EU) No 558/2014 of 6 May 2014 establishing the Clean Sky 2 Joint Undertaking<sup>1</sup>, and in particular Article 4(2)(b), 4(3) and 4(4), and the Statutes annexed to this Regulation, in particular Article 8(2)(j);

Having regard to the Governing Board Decision ref. CS-GB-2017-07-06 Decision Amended AAs Plan 2014-2017 of 6 of July 2017 approving the Additional Activities Plan 2014-2017;

<sup>2</sup> Ref. CS-GB- 2016-12-16 Opinion on IKAA 2014-2015

(5) The values of the declared additional activities have been certified by independent external auditors appointed by the members and determined according to the usual accounting methods of the private members;

HAS ADOPTED THE FOLLOWING OPINION:

#### Article 1

The costs of additional activities in Annex I have been declared and certified in line with Article 4(2)(b), 4(3) and 4(4) of the Council Regulation.

These costs concern activities included in the additional activities plan, as approved by the Governing Board, in terms of technical content and for the values certified. As such, these activities are contributing to the commitment made by the Leaders in the *Declaration by Industry to Clean Sky JU on Additional Activities*<sup>3</sup>.

The observations mentioned in Article 2 do not affect the above conclusion.

#### Article 2

The Governing Board takes note of the costs related to the additional activities that have already been carried out.

It underlines the importance of the private members' contribution to the JTI objectives and recommends to those members who are in a position to bring relevant Additional Activities to do so within the next reporting and certification periods.

The Governing Board takes note that the private members' contribution through additional activities represents 27% of the minimum target set in Council Regulation No 558/2014.
